

GENERAL AIR SPORT COMMISSION - CASI (FAI)

Bureau Interim Decision

<u>No.</u> 2013/01	<u>Date:</u> February 8 th , 2013
<u>Subject</u> CASI Bureau approval for Section 9.4 of the 2013 GS revert to the 2012 wording.	
<u>Details</u> The minutes of the last CASI meeting reflect that the new International Appeals Tribunal Manual was to be reviewed by a working group under the chair of J-C Weber. The minutes also state that the Manual was adopted and the 2013 version of the GS reflects this. There is now an anomaly in that the Manual, which was perceived to contain some errors, is now in force according to the rules. This has led to some questioning in relation to an appeal currently underway. The appeal occurred prior to the 2013 version coming into effect, but if more appeals are made in 2013, there could be some confusion as to the process. The CASI Bureau members were asked to consider reverting back to the 2012 version of paragraph 9.4. The Manual, after review by the Working Group, will be subject to a review by the FAI lawyer and will be presented to CASI at the October 2013 meeting.	
<u>Bureau Decision</u> The proposal to revert to the 2012 wording of General Section 9.4 was approved by the CASI Bureau.	

Graeme Windsor
President, CASI
